Welcome

DAWOOD Furniture Co., Ltd., established in 1999, is a large-scale furniture industry corporation with three workshop covering main factory 30.000 square meters, upholstery 10.000 square meters and wood factory 11.000 square meters, with a total of more than 450 employees. We are located in the famous manufacturing industry city Dongguan.

As a result of open-minded creative and innovative thinking and with the help from our international designers, we have made a new range top selling items.

Our experienced design team in China and Scandinavia, strives to make sure the new collections meets todays living in style and trends. In this way we will continue to bring you a long list of proven sellers.

John Nissen

John takes interest in all phases of the Product Development,

- from the earliest sketches to the final prototype.

He believes that all good design is a result of teamwork, and speaks out for honesty and mutual respect.

John is a strong representative for the Scandinavian Design Tradition, and with more than 12000 drawings, he's the most experienced designer we work with today.

Nathalia Pedersen

From Via Design School in Denmark.

This young creative and innovative designer, thrives to make sure our new collections meets today's trends.

The work for our next show is at full speed, and Nathalia is looking forward to present you the newest proven best sellers, when we set up the final 2018 program at the IMM show Cologne, Germany.

Jun Tian

Senior designer.

Liverpool

Liverpool Small Living range
Designed by John Nissen.

Nordic Design tradition take general considerations in a tight simple design, where forms follow function. With natural materials and a stylish look it also brings the joy into your home.

The Liverpool small living range is no exception, and it is interesting to see how the area appears more spacious, using the furniture in a small place that at the same time seems extremely cozy.

The sofa easily becomes the center of someone's home. This sofa and chair is designed by Bertil Stam, who's desire is to bring harmony and honesty between details, material and comfort.
